A Divine Hunger

The Great Awakening [in Canada]. beginning from the west to the east and back again, has already begun. It has already started. The Great Awakening in Canada is a great hunger for the things of the Spirit. It is a great hunger for the Word of God. There is a divine hunger that is spreading across the nation, a divine passion rising up in the Body of Christ... And the Lord is saying to me now that what happens up north in Canada is going to rain upon the United States. It's as if I see a map and the passion is melting down from Canada bleeding down through the States and reaching Mexico then Central America. And the move of God that is in South America is coming up to join it. And it will result in an unprecedented move of God in the western hemisphere- unprecedented because there will be renewal and revival and revelation everywhere!
