Canada- a Shining Light

Canada, you have turned a corner in this nation- that is to be an example. Right now I'm not as much referring to the church in the nation as to the nation itself. You are and you are going to be a shining light. I had a dream less than a year ago, a dream where the Holy Spirit spoke to me about 3 nations. He told me that they would be raised up (I'm not saying that this is exclusive or be the only- but this is the dream I received). He told me that there would be great shakings economically that would happen in the world (obviously we know that- it doesn't take a prophet). But there are some nations that God has his hand on that are being set apart as lights in times of shaking. And he spoke to me about 3 nations that would have strong economies, when other nations of the world would be teetering, tottering, shaking. And he spoke to me that Australia, South Korea and Canada would be 3 of those nations that would have strong economies, that the nations of the earth would come to learn from. Then he told me this: that those 3 nation's keys (one, not the only), but one of the keys for the reason why they would stand strong, and be light a lighthouse economically to other nations would be because of the stand that they would governmentally take for Israel.

I declare that, in Peace Tower [Church], close to the seat of government, in the city of the seat of government, that Canada is a shining light of stable economy, and that Canada is going to take a stand for Israel when other nations abandon Israel and go into false political correctness. Canada will stand strong with Israel in that hour. ...

...From what I know of your Canadian prayer history, you will not take this lightly, you will tend this word [in prayer] and it will be just like the other words that occasionally I have released [that have come to pass in Canada].

I have prophesied, as many have, for years, that Canada is set aside as a land of refuge, still for future years. I pondered on this in coming to Ottawa and felt I had to declare that here in this government city, to add to many prophetic voices that have echoed such a statement, perhaps over scores of years.

I declare that Canada in God's heart and in God's purposes, and as the last days unfold, that Canada is set aside, as a land of refuge. The people will run to this nation, for security, and for safety, and because of provision. And you will be as was and as is the birthing of the nation of the United States of America- an immigrant land. Canada is set aside as a land of safety, and a land of refuge. Peoples of the nations will flee and come running to Canada. It will be both a promise and a test. It will be both a promise and a test.

The test of course- will you open your heart to receive those who God sends in difficult days to feast on the land of plenty.

I had a very, very vivid dream this morning, which is tied in with the previous two statements. This was an enormous vivid dream, I thought it was real, not just a dream. I was stunned when I wold up because it was so real to me.

It deals with Canada's call to a strategic alliance with Israel and the Jewish people. Those are overlapping, but two separate things. There is a governmental strategic tie and alignment that will be forged even stronger in the future between Canada and Israel. That does not mean that you will not be a safe harbour to people from other Middle Eastern cultures and backgrounds, cause you do, but there is an assignment.

[In the dream] I was sitting at a round table like in a Parliament meeting, I was sitting there and giving counsel to government leaders in Canada in the dream. I was telling them of the strategic nature, that at all cost they must stand with Israel, even when the United States would totter, that Canada must stand with Israel. I was giving instruction in a dream this morning at a roundtable in the seat of government, to government leaders. In this dream I was telling them, not only with Israel, but with the Jewish people, and that Canada, again, was being set aside as a place of refuge, a place of protection, a place of authentic religious freedom.

It is almost impossible to explain what I experienced this morning, I will be honestly chewing on this for a while, I just had it a few hours ago, and woke up out of it, but it was so real that it makes me think that there might come a day in the future where I might sit with some of your government leaders and give them counsel. Counsel of the necessity, that even if the Untied States totters in her stand that Canada, O Canada, is to stand strong no matter what, with Israel and be a place of refuge for the Jewish people in a time of persecution in the earth.

Another thing this morning that came: I saw a woman leader rising in Canada, a governmental woman leader, I don't think she's on the scene yet, she's hidden right now. I saw a strong woman leader, she was strong and a bit brazen, she was like a Margaret Thatcher. There will be a strong woman leader in government that will arise in the nation of Canada she will be strong and a bit brazen, she will be a Canadian version of a Margaret Thatcher. She will arise out of and for Canada, O Canada, and she will be a Canadian patriot. She will stand strong. I can see it, I can hear the tone of her voice. and though she might be controversial at times, God is going to raise up a woman in government in the nation of Canada that is going to be a strong voice in a time of shaking. A time of shaking in Europe, a time of shaking in the nations, there will be a strong voice that will arise. Watch for her, pray for her, and when she arises, this woman will be a part of an old-school standard bearer of righteousness.

She will help change laws and rules concerning liberal "marriage", issues in Canada, and it's going to be a roar of righteousness. It will happen, it will happen just like I prophesied a third

territory, just like I prophesied there would be a change in your parliament, I prophecy that there will be a strong woman in government in this nation. She will be a woman of righteousness. She will stand strong and the Holy Spirit gave me the word "Canadian Patriot".
