House of Nations

All of a sudden, what I kept seeing was these tents. God mentioned the tent. God mentioned...and I'm just going to start moving in this, and as I'm giving the word, if you feel like part of this is for you then you catch it too. In other words, there is always impartation when the prophetic is moving. He started off immediately; what I saw up in Canada was a tent. And the Lord said, "Tent of glory! Tent of meeting! Tabernacling! Tabernacling! Tabernacling!"

He says, "I am going to tabernacle. I am going to tabernacle."

What I saw was this tent of glory! Tent of glory! Tent of glory! And I kept seeing like a tent city. I kept seeing a warehouse over this tent and this warehouse had body parts in it. This warehouse had body parts! It was body parts of the miraculous! Body parts of the miraculous! What I kept seeing was new hearts coming down. I kept seeing new hearts coming down. I kept seeing new legs coming down. The Lord says that you are even going to be seeing crippling diseases being healed. He says, "I am going to open blind eyes. I am going to open deaf ears. I am going to deal with MS. I am going to deal with insanities."

I just kept seeing from a warehouse a miraculous place and the Lord says, "It's going to be like Moses."

And what I kept getting was Moses...and it's Exodus 19. I felt like the Lord said that many of you are going to be going into heaven on the sapphire sea and eating with the Lord. And many of your places are going to be places of visitation. It's going to be a place of heaven touching earth. It's not only going to be the miraculous. In Exodus it talks about how a company of them, how 70 of them went up to the Sapphire Sea and they ate with Him. I just feel God is going to bring an anointing of coming into places of heavenly dimensions, heavenly visitations, and eating with Him.

But I also feel like the Lord said, "Get ready! I'm going to release profound new kinds of visitations! I am going to take you into that smoky, black realm of God."

What I kept seeing is the fear of the Lord! What I kept seeing was the holiness of God. I saw a lot of fun. I saw this place of real family and intimacy. But I felt like the Lord said, "Is that a priest? Is that a priest?" You are going to be releasing mantles of ones that will minister to the Lord...but minister to the people and come with the sword of the Lord. And again, I saw the Hebrews 4:12 [anointing]:

"For the word of God is living and powerful, and sharper than any two-edged sword..."

What I kept seeing was this warehouse, this warehouse of miracles. But then what I kept seeing was radical realms of visitation. What I kept seeing was also a releasing, where it's almost like the Lord says, "You are going to go back and uncap ancient wells of tent revivals." Tent revivals.

What I saw was The Voice of Healing. What I saw was this magazine of The Voice of Healing. "But," the Lord said, "it's going to be different." It's not just going to be faces of ten or eleven men. What I saw was a young...not young...the Lord corrected me on that. But the Lord said, "New breed of apostolic five-folders." What I saw was tent meetings.

And the other thing I kept seeing was circuit riders. I felt like the Lord is going to [set apart] a group of men and women and they are going to catch the fire and they are going to go into beachheads; they are going to set up tents out on fields. People are going to come because there is going to be so much healing; it's going to be like the old time healing days. It is going to be sparked.

The Lord says, "It's going to be like Aimee Semple McPherson"; she was a Canadian and it's going to be part of the Canadian root system of radical signs and wonders. So I just kept getting, "Glory, a city of glory." I kept getting that the tent meetings were going to have an open heaven. It was going to be Exodus 19 and it was going into this thing of face-to-face, secret place, intimacy, harvest, radical harvest, signs and wonders, souls. But I also got this intimacy of the secret place, of hearing the voice, and face-to-face encounters with God.

He says, "There has come a religious professionalism to the conference scene." I just feel like you are going to be breaking, breaking an old kind of conference thing - this professionalism of the speakers. It's going to be more like Tent City. A lot of unknown faces, unknown people. Young, old, women, men, different colors are going to be preaching - signs and wonders. There is going to be an anointing. I just kept feeling like the Lord says, "Get ready!"

And there is going to be a sound. There is going to be an angel now. There is going to be an angel that is going to stand over the tent and there is going to be a trumpet and there is going to be a sound of trumpets. I feel like the Lord says, "I am going to give you revelation from the counsels of God to break open mysteries, to break open seals, to break open things that are over." It's like you are going to have an understanding of the Word and the Spirit. But I see that angels are going to be releasing a sound and people are going to say, "I don't just want to go to that conference, I want to go where there are tent meetings that are emerging all over the nations." There is going to be a catalytic spark. He is going to start to birth it. But it's going to start to become a new kind of thing where people are going to want to come and sit in the dirt.

You see, in the old days they couldn't come in a plane. They would get snowed in. They would have to camp out. Whole villages would get saved. Whole towns would get saved. I just feel like we are going to start moving in a thing where it's much more home grown, much more real, much more "the feel of the nations." I tell you this prophetically. I feel like many of

you will also take jumps and start renting tents. Let's give the Lord a clap offering.

I got this yesterday morning. But I kept feeling like the Lord said, "New breed." Different ages. And when I saw The Voice of Healing (magazine) and I saw all men on it. The Lord says, "No, that will offend My heart. I want to kill the Old Boys Club. I want family. I want fathers and mothers, all ages, all colors. I want those that carry the weight of heaven." Because Holy Spirit is the great equalizer. Holy Spirit is the one. And, do you have the goods? Do you have heaven backing you up?

The Lord says, "There is a new anointing, and its tabernacling." It's an anointing of the "Tent of the Meeting." It's an anointing of Houses of Prayer on the move. It's almost like, what I thought was movement, like wheels moving with the glory. It's going to be wheels of revelation moving with the glory. It's like a moving throne. It's like a moving place of glory. I feel like the Lord says, "I'm on the move. My glory is on the move. It's going to look very different. I want you to be hungry. But I want you to be ones that go into whole communities."
