Joseph Nation

For I the Lord would speak unto this dominion called Canada, and I would say unto My people be of good cheer, for I have possessed this nation in the days of the past, and I will possess it again whether the hearts of men desire to give it to Me or not.

Yea, from sea to shining sea shall I be the Ruler over this great land, and I shall make it a haven of rest, I shall make it an anchor for the soul, I shall make it a spring board from whence My gospel shall go out into the nations of the world, for I have put within you a spirit of peace, and the Lord says I will cause that spirit of peace to give you honour among the nations and respect. And the Lord says My blessings is coming, be of good cheer, I have blessed you in the very soil that is underneath your feet for it is full of treasures, says the Lord. And I have given you the best of intellect from the nations of the world, I have poured into you My blessed colours of the rainbow and you have become a Joseph nation, you have become a Joseph nation, yea, even a nation of many colours. And even as the colours send out vibrations so shall you vibrate My glory to the nations of the world and you shall impact nations.

Even as your army lands in Afghanistan in these hours, I say unto you, I will be with your young men and women, and I will speak to them and they shall be able to receive a new vision and a new visitation in their lives that they've never had before, for the day of My visitation to Canada has come, and I'm going to raise up in this nation a mighty army of women of God.

For before in times past when I would anoint my daughters they did not have room in your midst to give forth the Word and to give forth the manifestation of My anointing and power and gifts in their lives and they had to cross your borders and I had to take them to other lands where I could use them because you cramped them here.

But the Lord says the day has come when I will no more allow this to happen and I'm going to raise a mighty army of women who shall stand in the forefront and shall shake this nation. They shall pastor some of the largest churches of this nation, they shall have authority with Me and they shall have gifts of power and of healing and you will yourself be amazed at what I will do.

And I will not have to send them south of the border to raise up churches and to raise up tents and to fill the great ballrooms and stadiums, saith the Lord.

For you yourself will receive an enlargement, you will receive an enlargement of the soul, saith the Lord, so that you will be able to accept your own daughters whom I am anointing in these last days, and the spirit of criticism and religiosity, the Lord says, I put it under My feet and say it is done with. I will no more allow it, saith the Lord.

And those who do not receive the visitation of God, they shall be put to the side, they shall even be put on the shelf, saith the Lord. And they shall be nothing but white elephants, saith the Lord, and no one shall go to be cheered and no one shall go to be warmed, and no one shall go to be healed into their sepulchers, saith the Lord. But I will do a new thing, yea it shall spring forth and you shall see it saith the Lord;. Even in this city you will see a new visitation.

Yea the Lord says, the dawn is breaking over Canada, from Newfoundland even to Vancouver Island, Hallelujah. And I will visit, I will visit the people of the Northland, and I will visit the First Nations people and I will visit those who are the poor of this nation. I have wept for the poor and they have looked for friendship from you and they have looked for help from you and you have often scorned them, saith the Lord. You've given them your dollar begrudgingly because the government has demanded it of you. But the Lord says I will visit you with a love for them, and they shall put away their traditional demonic worships and their symbols of idolatry and they shall turn to Me and I will raise up even among the First Nations powerful evangelists that shall shake this whole dominion, saith the Lord. And you shall be astounded for this is the day of the Lord's visitation to the icelands."
