O Canada

O Canada! O Canada! O Canada! I see your flag with its two bands of red- it is one of the most striking flags in the world. I see the two stripes of red- coast to coast. God is going to paint the blood of His precious Son, Jesus, from the north to the south, from the west to the east. And that white no- man's land is a cry for holiness. I have just come from Winnipeg and sense in my spirit that something different is going to happen in Winnipeg than here on the west coast or on the east coast. There are different fires that the Lord is kindling. A maple leaf in the fall months is ablaze with fire red colour. Your nation is being raised as one who will bring healing to the nations.

God is going to take off of this land passivity and the false peace you've preached. He will again make you a true reconciler and a true leaf for healing of the nations. He will restore your diplomatic status and it will be a true diplomacy that stands for integrity and righteousness and that brings together that which has been torn apart. I feel that what's been going on with the reconciliation with the Jewish People: God is going to use you as a reconciler just as Norway has been recognized in Europe. I believe you will be recognized as reconcilers in the world. And Norway and you are going to come together and do something in the Middle East. I just feel these things and if I were going to prophesy anything about Canada, it would be this: this is what I am feeling in my spirit at this time.

I feel there is a cry of – O Canada, O Canada. There is a groaning in the spirit just as we watched the promotion of the Transformation II video. I saw that it is a season of tears, yes, a season of tears. I believe there is a weeping in the heart of your Father for this land and that's why there's been so much weeping on the earth. He wants you to begin to cry out. It is a season to make you hungry...
